guns at the home. Jordan, Jared, and Damerrick are involved in gangs and there are always different people in and out of the home. The 3 males also have a background in narcotics.

Extent of Maltreatment:

On Saturday, October 29, 2016 Jordan was shot at by someone in the neighborhood while standing in the driveway of his home. He then walked down the street and was shot at again at the end of his street. The children were inside the home at the time of the shooting. This incident was not reported to law enforcement however Jordan confirmed that this happened. According to Officer Frederick of Clearwater PD, law enforcement has been to this home numerous times to recover stolen vehicles, wanted persons, and weapons complaints. Officer Fredrick warned Jessica, the mother of Jared and Jordan to make them move out as they were adults and due to their gang affiliation were bringing violence to the home however Jessica has not removed Jared and Jordan from the home.

Officer Fredrick reported that the violence is only escalating at this residence. On Sunday, October 30, 2016 there was a call to the home for a wanted person, [REDACTED]. On 10/29/2016 law enforcement responded to a call concerning the father in this case, Jordan Belliveau pointed a gun at a female and threatened to kill her. The victim in this case refused to cooperate so no probable cause was found for an arrest. On 8/15/2016 the maternal grandmother that lives in the home, Laurie Moore reported 145 hydromorphone pills stolen from her car however refused to allow law enforcement to process her car. In June of 2016 several adults were loitering outside the home and an arrest was made for a male that had a warrant for robbery and aggravated battery. A homicide suspect was present as was a sex offender [REDACTED]. In June of 2016 there was an arrest at this same home of a male that was involved in a fight over a drug deal.

The children did not disclose any knowledge of weapons in the home or drugs use. Jamari reported that his home is a target of another gang so the police are watching his home to protect them. He disclosed knowledge of Jordan getting shot at however did not see it.

Upon arrival to the home there was approximately 10 to 15 people at the house. Many would not provide identification or their name. They were told to leave if they did not reside in the home. The mother, Charisse was very uncooperative at first and left with the others. She came back with the baby when Jordan was told that an order would be obtained from the court to see the baby.

It was decided that there was sufficiency to court order Jared and Jordan out of the home and leave the children with their mothers however Jared and Jordan refused to leave. They showed for court and were told not to have contact with the children and were ordered out of the home. Charisse was given the option to take the baby to Alpha House however she refused so the baby was sheltered. The mother was told not to take the baby out of the county and to bring the child to shelter court however when child protection left the home she sent her baby to Orlando and did not bring him to court. A pick up order had to be obtained. Upon arrival to the home the second time to remove the infant, Charisse was seen walking down the street with another female. She saw law enforcement and ran back to the home. She refused to open the door and was heard screaming inside the home. The paternal great grandmother's car was in the driveway. Pinellas County Sheriff's Deputy was also present. While trying to get Charisse to open the door she was spotted along with a black male running with the baby out the back door and across the yard. When she heard someone yell for her she then took the baby and ran back in to the home. Finally after Clearwater Police Department showed she voluntarily brought the child out of the home however was cursing at law enforcement and child protection. There was approximately 15 people inside the house.

Surrounding Circumstances:

Jordan's mother, Jessica and grandmother, Laurie live in the home with Jordan, Charisse, Jamari, Jaiden, Javone, Jared, and someone named Erick. [REDACTED] His mother is allegedly in prison and it is unknown where his father is. The home is constantly full of gang members going in and out of the home.

A brick has been thrown through the window and the house was shot at a year ago. Jordan is known and hated in the neighborhood by other gang members and neighbors. The parents knowingly allow their infant son to reside in a dangerous environment.

V. Safety Analysis Summary

There is impending danger in this home at this time. The mother, Charisse was court ordered to find an appropriate residence for the child or go to Alpha House with the child however she refused and sabotaged her interview with the intake coordinator and had no other appropriate solution. The father, Jordan was court ordered from the home along with the paternal uncle Jared and cousin Damerrick Dickerson. Since the mother broke the court order the child was sheltered and was placed in foster care. The parents fail to understand the danger the baby is in when around gang members.
