Organizers advise potential jobseekers to visit every employer at the event and tell them exactly what type of career you are interested in. If they do not have it available, they may be able to refer you to another company with similar opportunities.

Some additional advice and tips for jobseekers:

- Dress professionally – no need to purchase a new, expensive outfit. Healthcare professionals – stop by in your scrubs!
- Research the companies you are most interested in beforehand
- Bring at least 25 copies of your updated resume
- Ask the Hiring Manager at each booth for a business card with their contact information on it so you can follow up with them
- The most important question to ask is “When can I start?!”
- Make babysitter arrangements, as children will NOT be allowed in the career fair
- Please note that neither food or drinks will be allowed inside the career fair exhibit hall

Good Luck!
